# General Intro

by Linda Truong

"Londonderry is a great school!" quoting our school principle, Mr. Yaniw, and he's right. Londonderry is the largest junior high in N.E. Edmonton with over 700 students and 40 staff members. Our school provides many school activities from a three-day Grade 7 Camp, a Turkey Trot in October, Social Dance Contest in February, a Grade 9 Farewell and many more exciting events throughout the year. Londonderry also provides a French and Mandarin program, as well as an enriched program in each grade. Our school spirit is exceptional and rises with each and every occasion. Overall, Londonderry is a great place to be.

# Grade 7 Intro

by Janet Wu

"Um... What's that teacher's name again?" This was a natural question for many grade seven students. At first, it may have been hard to find your way around the school, meet new friends and memorize all the different teachers names. But before long, you became a part of the warm Londonderry family.

The grade sevens started the year off with a blast. The year normally starts off by going to the traditional Grade Seven Camp, but unfortunately, there was an incident at Pigeon Lake. The camp was moved to October and it was quoted as being, "the best place to go for camp". The grade 7's were able to meet new friends, learn some new skills and most importantly,, have fun.

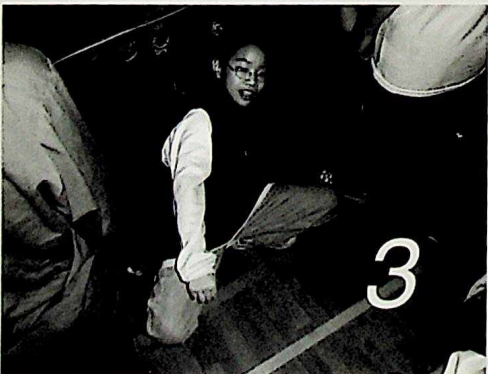

Between intramurals, dances, fieldtrips, and learning new skills the year flew by quickly.

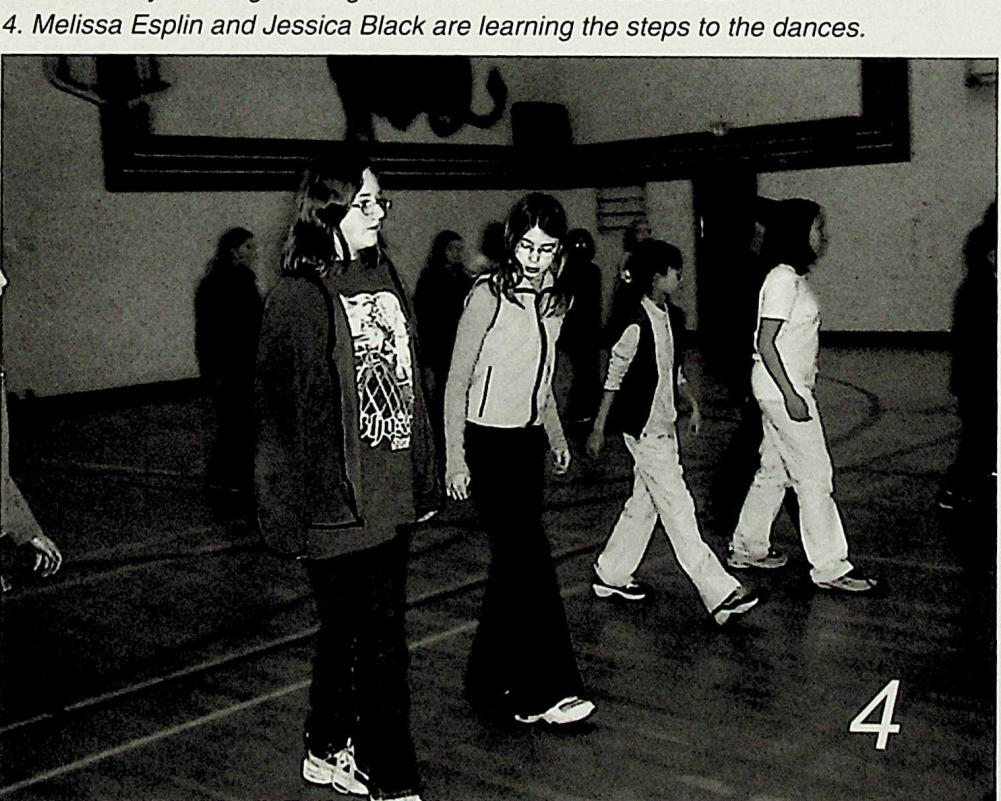

1. Grade 7 students preparing for their mid-term exams.

2. Look at everyone doing the bunny hop at the Social Dance Contest.

3. Newson Ly dancing to the grooves at the Christmas Dance.

# Grade 8 Intro

by Evelyn Liaw

Grade 8 was a year full of new challenges and new people to meet, new places to go and even new courses to take. For example, you had the opportunity to take Outdoor Ed., half-year Foods, Sewing or Woodworking. They were a bit more challenging than Grade 7. Speaking of challenges, how about all the nice and easy homework you were assigned (or was it hard?). Even though it was tough sometimes, it might be the best year of Junior High. Think about it! You don't need to worry about fitting in as much, like when you first came to Londonderry, and you don't have to worry about going to high school, like in grade 9. It's a pretty good life, isn't it? You probably had a wonderful year, and hopefully the rest are even better.

# Grade 9 Intro

by Diane Woo

Congratulations! You've made it through two difficult years of junior high! The first two years were fun, and grade 9 was definitely a year to remember! There were dances, homeroom intramurals (show your school spirit), Social Dance Contest (that took place at the city hall where the media made it public), and most of all...the GRADE 9 FAREWELL! That was something to look forward to during the entire year. It was a happy time, yet sad at the same time. You get to go to high school, meet new friends and start a fresh, new life! Even so, there is a chance that you won't see your friends again. You had to leave this wonderful school and all the teachers that helped you to succeed. Focus on what's ahead of you instead of what's behind you, but don't forget about the past! Those memories are precious and there will be nothing that can replace it.

When you first started school in grade seven, a lot of grade nines were there to help. You looked up to them and maybe wanted to be like them too. Two years later, you were the leaders, role models, and the people who were looked up to in the school. There were lots of responsibilities for you to handle, but with a set of new responsibilities comes some ultra cool privileges. Double block was available for the courses you loved! Grade nines got to organize events, help those who were less experienced, and experienced the feeling of importance.

# September

by Ashley Imperadeiro

First day of school was September 5th, year 2000, and most were trying to adjust back to junior high life again. Picture day went by in a flash and our traditional 'Welcome Back Barbecue' was very successful. The Millennium Torch also paid a short visit to our school, and then was passed on to Kildare Elementary School. Due to an unfortunate turn of events, Grade 7 camp was postponed to the beginning of October and moved to Camp Nakamun. However, the band camp at Camp Hee-Ho-Ha was very interesting for our new musicians. The Welcome Back Dance was a blast, and we also had our glorious Professional Development Day at the end of the month. All in all, it was a pretty good month, and I have to say, maybe September, the hated month, wasn't so bad after all.

1. Mr. Buchynski and his homeroom 802 preparing to tug on the rope for the Tug of War Intramurals.

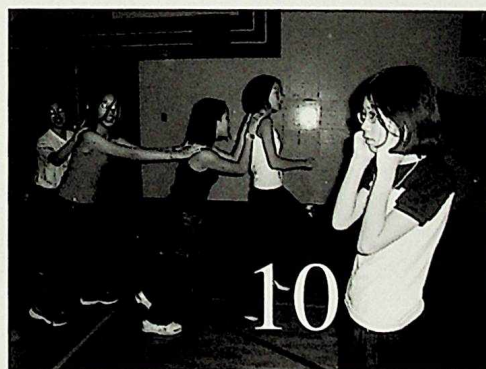

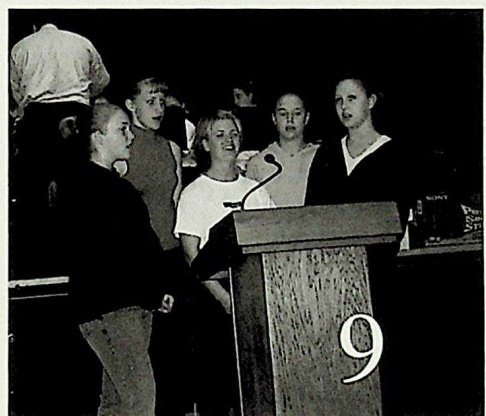

2. Sarah Billey won a portable diskman during the September assembly.

3. Everyone waiting for Mr. Yaniv to make his speech on the First Day of School.

4. Nam Nguyen was taped onto the wall for the Fly on the Wall Intramurals.

5. The Grade 7 Band class listening to a lecture at Alberta College.

# October

by Yea-li Sim

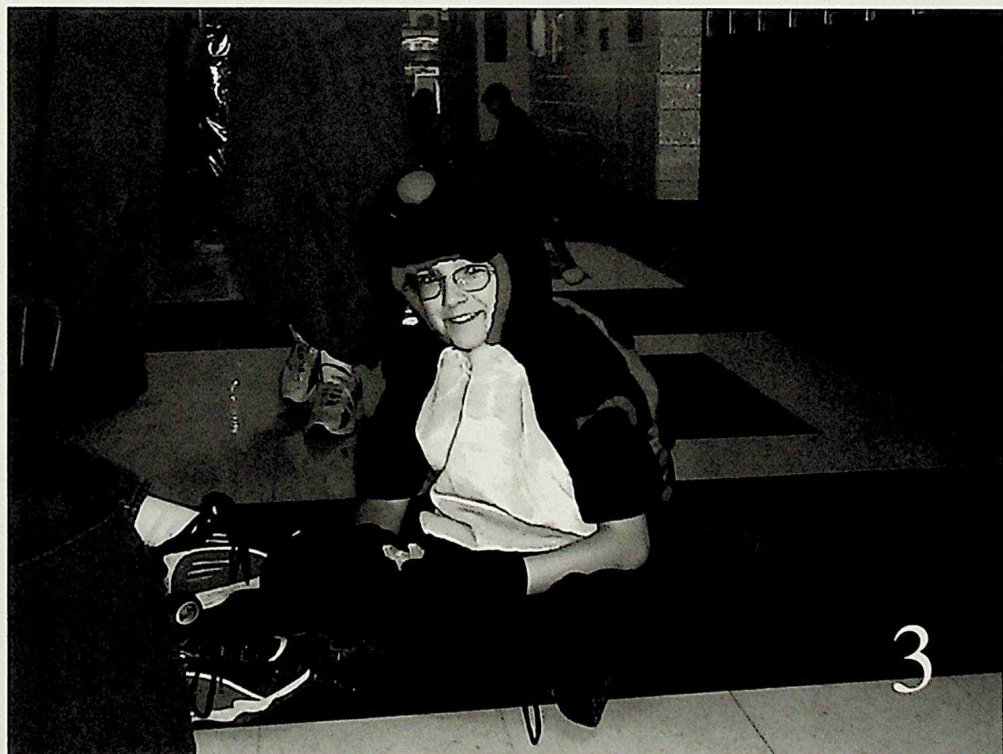

Whenever you hear someone mention the month October, Halloween comes to mind. Well, this October, we thought of something different. Our Student Council had planned a lot of fun activities. Student Council planned: the Mummy Wrap, the Seed Spitting Contest and our annual Halloween Dance at the end of the month. Each activity was successful in getting students in the spirit of Halloween. At the start of the month, Londonderry hosted their annual Awards Night for honour students. Our Grade 7 Camp also took place at the beginning of October. The students were very excited that their camp was finally taking place. Following that, we had our annual Turkey Trot, where we had to race the "old turkey", Mr. Hornland, to the finish line. As you know, the Halloween Dance was held on October 31. The scary month ended and was fun.

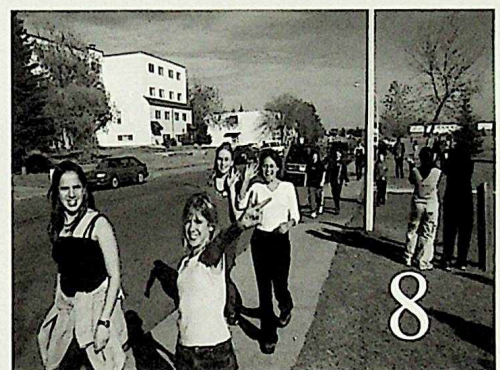

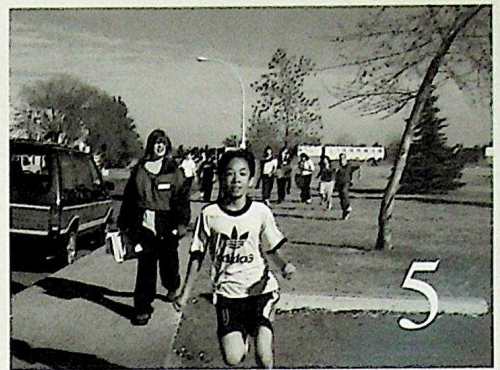

1. Almost ready to go to sleep at the Grade 7 camp.

2. The grade 7's rushed out the door to the buses heading towards Camp Nakanum.

3. Ahh! It's a giant ladybug. No ... it's only someone in a costume on Halloween.

4. Christie Ma won the highest grade award at the Fall Awards Ceremony.

5. Nam Nguyen completed the course of the Turkey Trot.

6. Look at the herd of babies in pjs. I don't know if the teachers are trained in babysitting though.

7. Julianna Mont Hernandez was wrapped up with toilet paper for the Mummy Wrap Contest.

8. Laura Aubert and friends completing the Turkey Trot . Well done everyone.

9. (left to right) Kristy Cheng, Cynthia Leung and Jamie Leung sitting and listening to the music at the Halloween Dance.

10. Tina Reidlinger was wrapped up by Phirdhoz Qureshi (side) for the Mummy Wrap Contest.

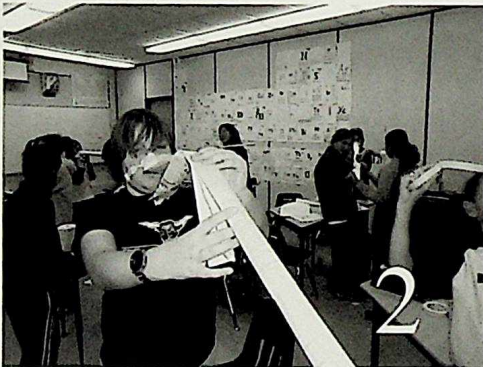

# NOVEMBER

by Linda Truong

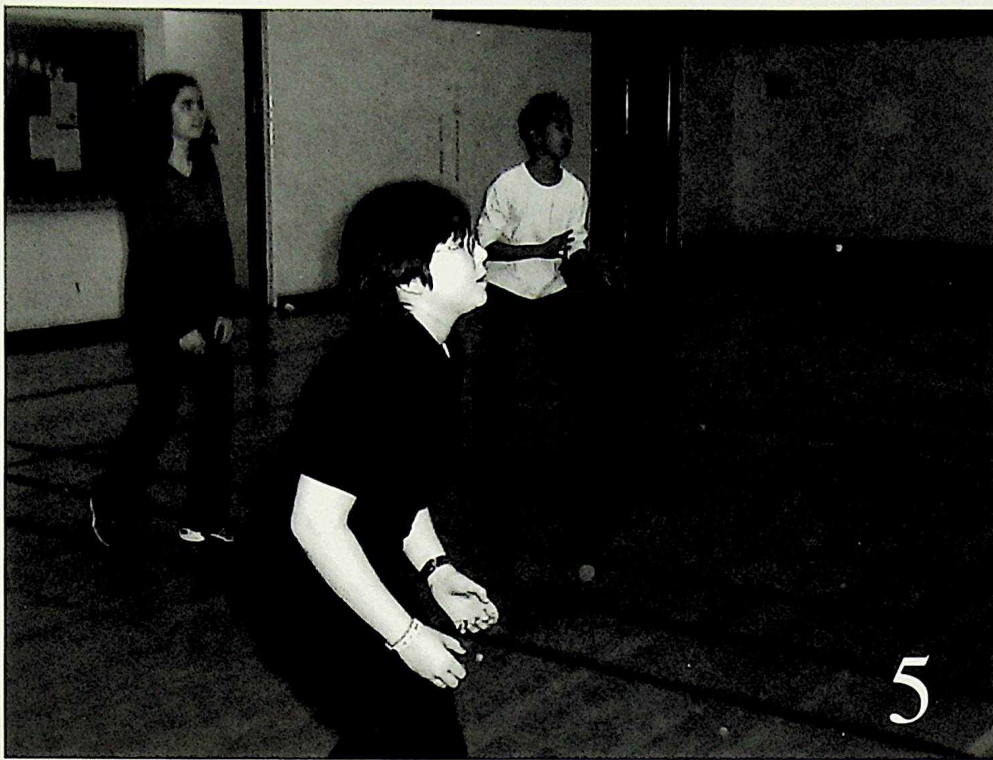

We see another month go by as we head closer to our goal of finishing our journey to the end of the year. At the beginning of the month, there were many band activities, from concerts to meetings. On November 10, we also had our Remembrance Day Assembly. We had a few guest speakers, students hung wreaths, and of course, the minute of silence for the honorable men and women who risked their lives in war. Two weeks later, we received our first term report card. We then found out our progress after two and half months in school. Of course, we continued to learn to the best of our abilities to the end of the month and beyond. Everyone tried their best in the Volleyball Intramurals to get their homeroom to the top, but only three classes could get there.

1. TJ Halfe won first prize at the Wacky Hair Contest.
2. Mr. Buchynski's grade 7 science class trying to make the longest paper nose to stand up. Hmm ... where have we heard about a long nose before?
3. Everyone auditioning their hair to see who has the wackiest.

# December

by Diane Woo

December, is known as a month of giving and generosity. Gifts were exchanged between students who wanted to show that they cared. Candy grams were sold by Student Council. The candy grams were distributed during homeroom for many of those special people out there. Lots of people showed up at the Christmas Breakfast. Students spent weeks practicing their entertainment to show the visitors how great they could be. We were privileged enough this year to have the Honorable Mayor Bill Smith come visit. The leadership students also showed great support by helping out with the set ups and serving tasks. Everyone said their good-byes and prepared for the long winter break. Christmas is such a happy time, and we enjoyed every moment of it!

# January

by Yosef Mohammed

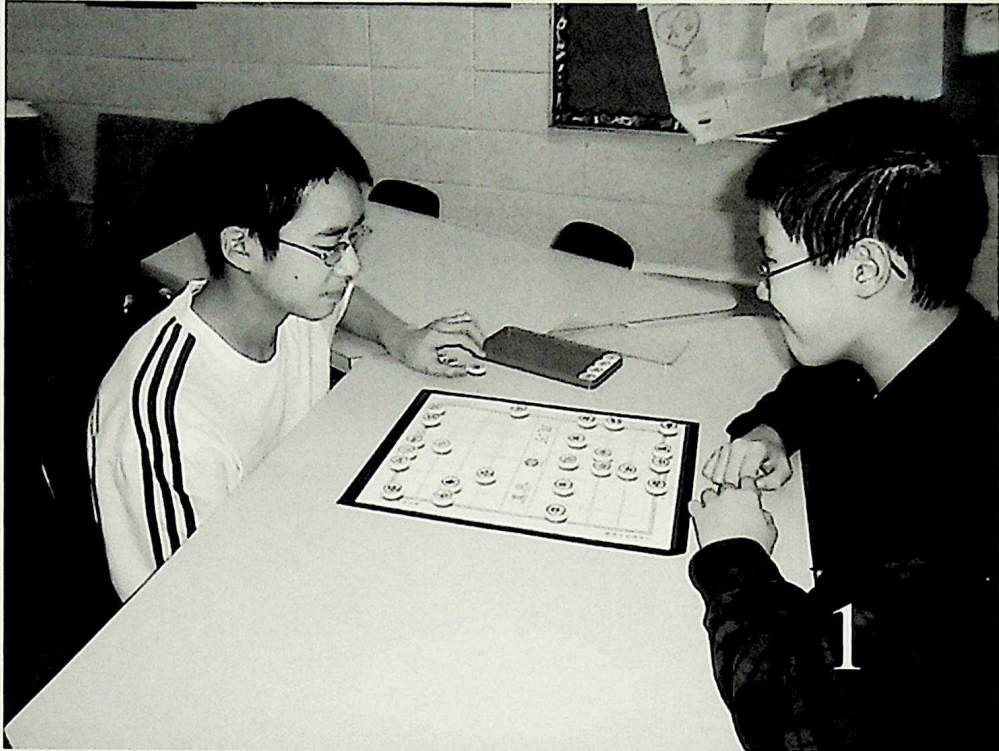

Happy New Year! From what I heard, everyone enjoyed their holidays respectively, but that doesn't mean there weren't any students who were ready and willing to return to work... that, of course, doesn't necessarily mean that I am one of them.

January was one of the most important months, mainly due to the important events that took place!

To begin with, everyone was prepared for our annual school-wide Dance Competition! Everyone was full of enthusiasm as they jived, two stepped, galloped and goosed their way towards the two hour competition. The grade nines were honored by being asked to perform their dances at City Hall. Dancing in front of Mayor Smith, bright idea huh?

Before the enjoyment of the dance competition, it was the time to get to work. At the beginning of the month, students began to study for the second most important test of the school year... yeah, that's right, the dreaded Mid-Terms. That was a bad idea having the mid terms in January... first we were cold, then tired, and then we were forced to work harder than usual, well not forced, but if we didn't then we would have failed! Many people were stressed out, but at the end of the week (Feb. 2) was the Social Dance Contest to loosen them back out.

On another note, the basketball season had begun.. and although we probably weren't considered the best team in the league (of course, I think the Lions rocked!!!) we had very hard working players that tried their best.

6. Homeroom 708 won the Basketball intramurals.

7. Mr. Yaniw preparing for the upcoming Bloomsday Marathon in Spokane.

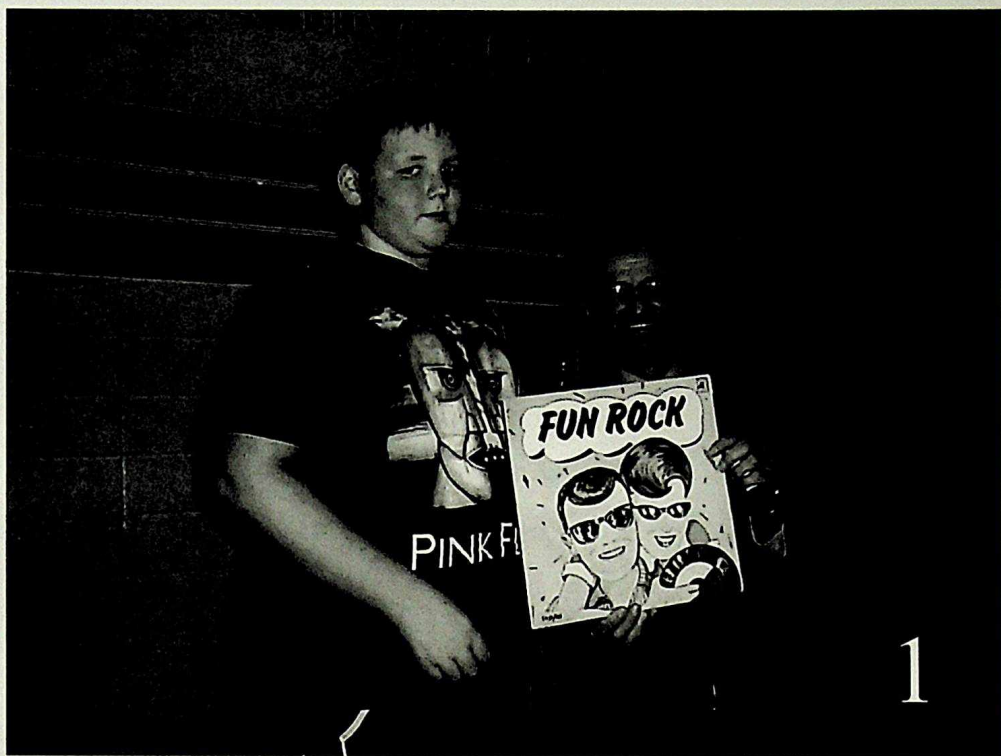

# February

by Janet Wu

February started out with our annual Social Dance Contest. The grade 9's got a chance to show off their skills at City Hall this year. The winners this year were Physical Education classes 7C, 8C, and 9D. Congratulations to everyone for a good job. After that, we had our "i-flurz" computer cupid sales from our Student Council. Students were being matched up with each other through a survey. Later on, the match-up results were sold for a dollar and the money was donated to the India earthquake victims. Following this, we had our Valentine's Day Dance organized by Student Council. Lots of great couples had a fantastic time together. To end off our month, we had our Multicultural Day. Where we had the privilege of having the great White Buffalo Dancers dance and tell stories about the spirituality and uniqueness of their culture.

1. I finally got a new record! No, it's just an audio record.

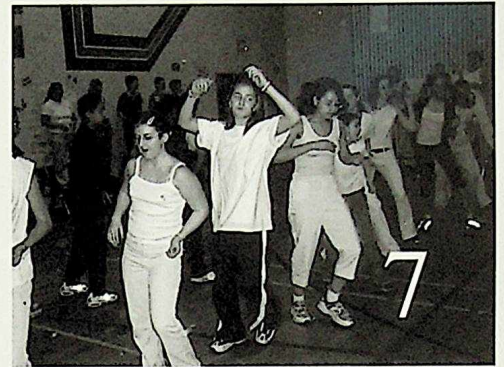

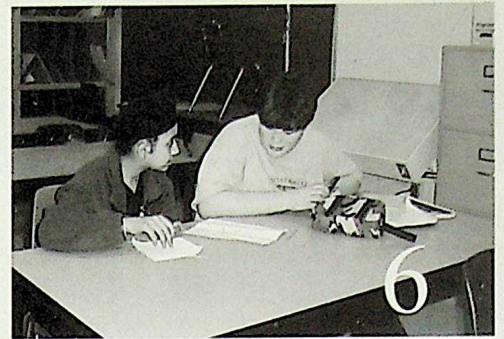

2. Jason Poole at the Valentine's Day Dance.

3. Jennifer Poon and Amelia Lee rehearsing for a play.

Four leaf clovers, leprechauns, and rainbows with pots of gold at the end. March is such a lucky month, isn't it? Remember to wear your green or you'll get pinched. In order to make some unfortunate few feel lucky during March, the Student Council challenged our administrative team (Mr. Yaniw, Mr. Pothier, and Mr. Kuchta). All the students of Londonderry, needed to donate 1000 or more new toiletry items for the Youth Emergency Shelter to make the administration team preform a special song and dance at the May/June assembly. Since the students and staff of Londonderry are sharing and caring individuals, they all met the goal and even surpassed it too! In total, 1369 toiletry items were collected, ranging from toilet paper to shampoo.

On March 15th, Londonderry hosted their annual Open House. It was a big success, and everyone that attended had a great insight on what Londonderry was all about. A big thank-you to all the students and staff that helped make the Open House as wonderful as it was. The grade sixers, that I spoke with, thought that Londonderry was the best school they've been to so far and that they would definitely put Londonderry on the top of their lists. They really enjoyed the hands-on activities that the school presented and loved all the options provided. Seeing how everyone was so friendly and helpful, the parents and students know that Londonderry is the best.

7. Krista Annett has won a free phone during our March Assembly.

8. Linda Truong, some baguettes in the French display during open house for anyone dropping by to munch on. Bon appetite!

# April

by Yea-li Sim

In the first week of April, we had the positive student recognition. During the third week of April, the student council had a virtual Easter hunt. The hunt was very exciting and challenging. Many bouquets go out to the student council and winners. The school was given hints and the students needed to get the answer within the day. After a week filled with fun, the grade sevens and the grade eights had to write their HLATS. While they were writing their exams, the grade nines had to complete their high school registration. We were to have a school assembly in April, but was moved to May. There was a spring photo day in April. Smile everyone! Third term report card came soon after the HLATS and high school registration. Hope you all achieved a satisfying marks!

The month started out with the Positive Student Recognition. Afterwards, Student Council provided a Spring Dance for all the students to enjoy. On Saturday May 12th, the band students had a car wash. The band students had lots of fun while doing a good deed. Who wouldn't have fun with water? They earned money to buy a brand new tuba case. The day after the Victoria Day Monday, the Grade 8 Outdoor Education classes went to Cadomin for a four day camp. They had fun and many wonderful learning experiences. On May 24th, the band students went to Red Deer for a band festival to show off their talented musical skills.

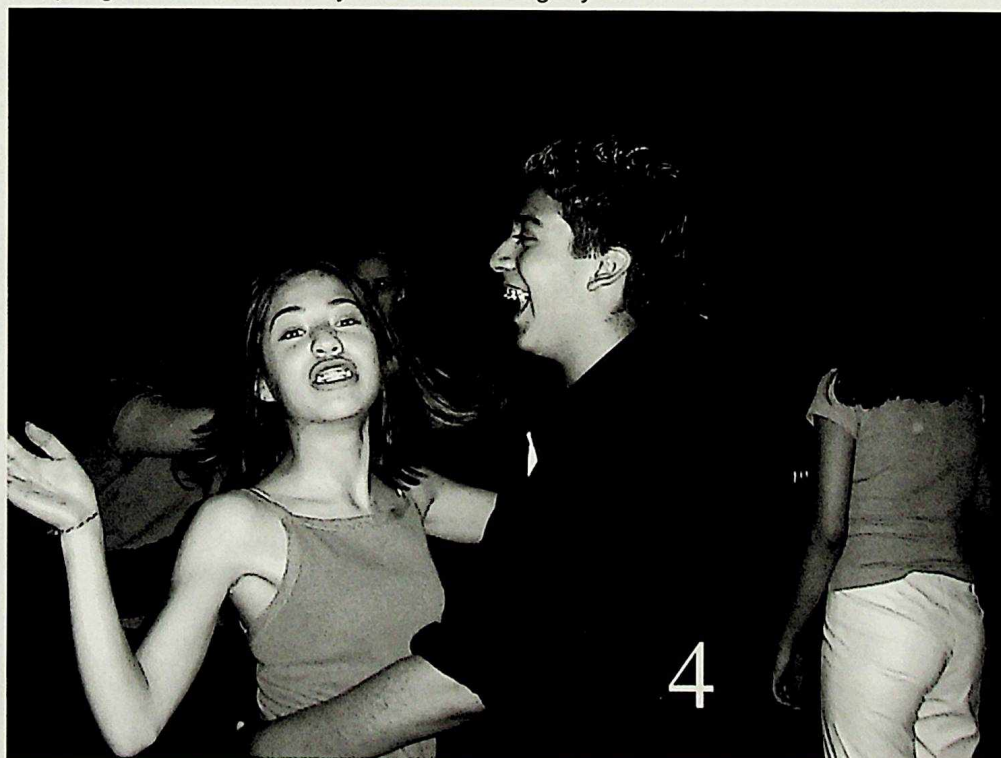

1. A baby boom box is won at the May Assembly.

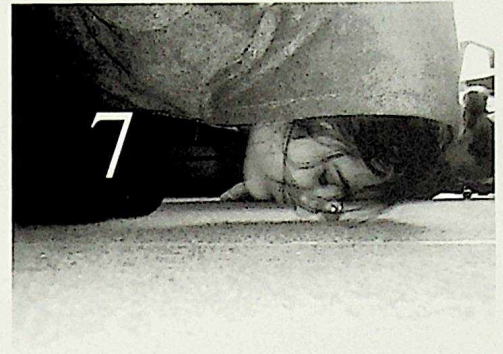

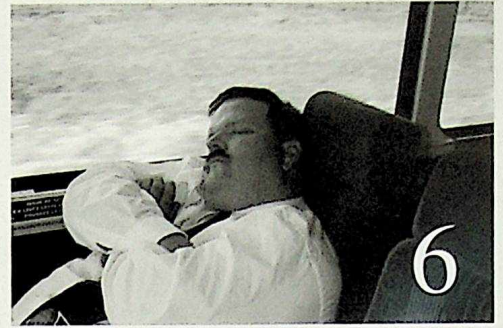

2. Band Car Wash - A fire truck needs to be washed sometimes too.

# June

by Janet Wu

This has been a very exciting year. Students this year have learned a lot that will be useful to them in the future. June was a very busy month for students. Londonderry students were busy studying for their finals and the grade nines had to prepare to write their Alberta Achievement exams at the end of June.

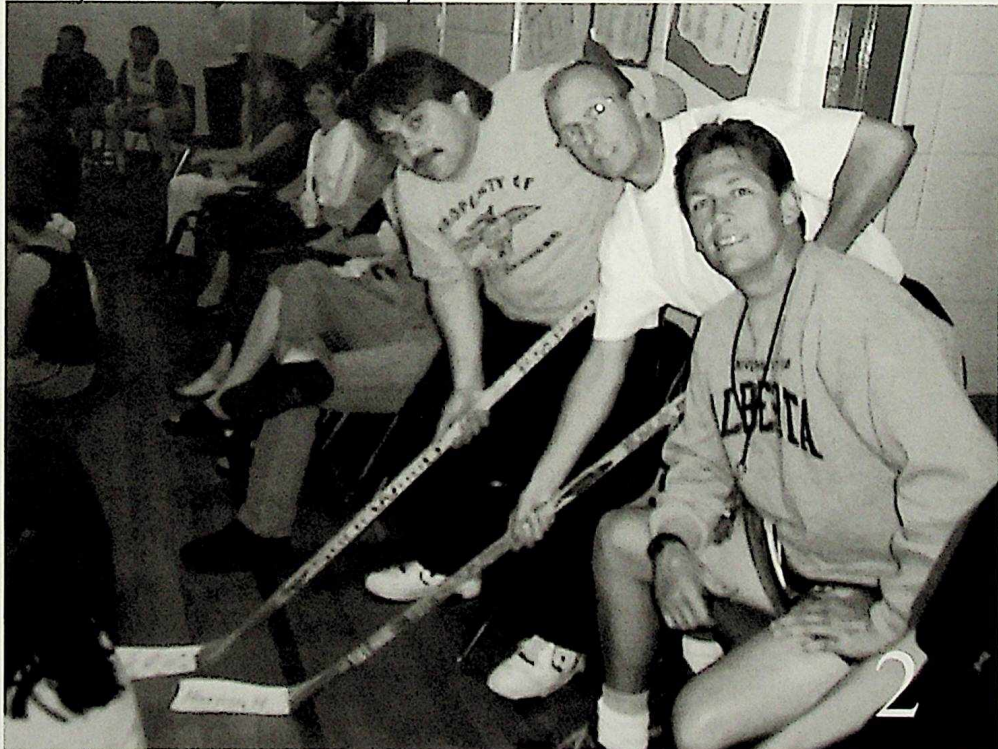

On June 8th, the grade nine students had their Grade Nine Farewell. This was a special night for the Grade Nines to celebrate their success at Londonderry. Special awards were presented on this day. To end the Farewell, the grade nine students had a dance to spend some time with their friends.

On June 17th, we had our June assembly. On this day, Mr. Yaniw, Mr. Pothier, and Mr. Kuchta and with the help of Ms. Fedun, sang and danced during the assembly. Let's just say that thankfully they don't dress like that everyday. After the assembly, we had our annual students versus staff hockey game. At the end of the game, the score was four to three, for the staff. Following the exciting game, we had our farewell dance provided by student council. This was a quick and easy month.... until we got to the final exams.

# Volleyball

## by Janet Wu Senior Girls' Volleyball

Over 50 girls attended the Volleyball try-outs this year. But, only eleven players were chosen. These girls had a season full of fun and challenges. With the coaching of Mrs. Gibbons, they worked very hard to improve on their volleyball skills. They competed in the M.E. LaZerte, McNally, and Queen Elizabeth tournaments. The Volleyball team attended the City Playoffs held at Jasper Place High School. But, unfortunately, they were eliminated in the semi-finals.

The Team that Represented Londonderry were:

By Linda Truong

The Chinese Chess Club was a great success this year. This club was founded by Mrs. Cheng a few years ago. Students run this club to help improve the club members' skills and strategies. Members came in at the beginning of October and practiced once or twice a week to prepare for the tournament at the beginning of January. There were three levels to compete at depending on the skill: beginners, intermediate and advanced. Each individual played to the best of his or her ability and the top three were given prizes:

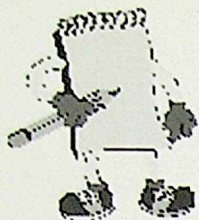

By Diane Woo and Linda Truong

## Chinese Yo-Yo

This year's turn out for the team was great. All were eager students wanting to learn more about the toy or improve their tricks. A yo-yo is a toy with a loud whistling sound and is played with a string on two sticks. The team was split into three groups: junior (new), intermediate (one year of experience) and advanced (two years of experience). The junior members entered with no experience at all and within a year, they would know all the basic tricks. The assembly performance in March was a great success. These students, while learning tricks and exercising their arms, had fun.

# Student Council

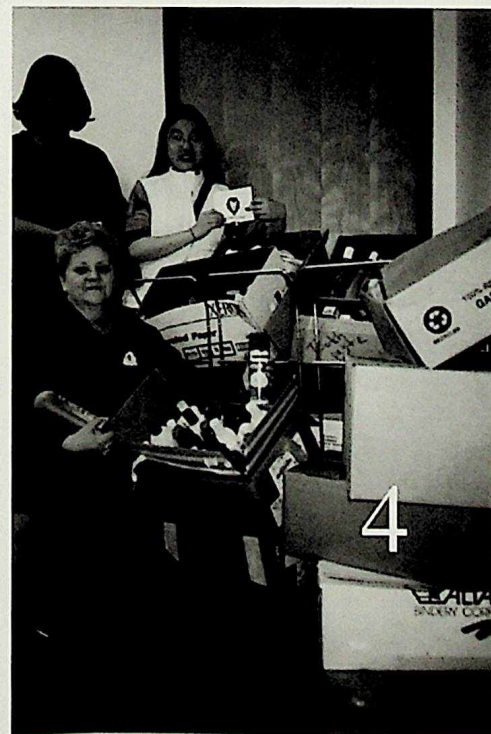

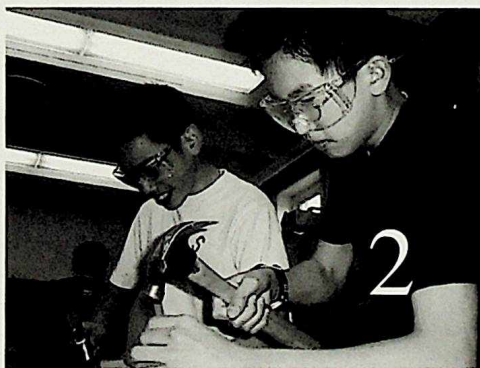

By Linda Truong

It has been a long and hard working year for these dedicated people. Student Council held many events, such as the Mummy Wrap, the King and Queen Contest, six great dances, Cupid match, a virtual Easter Hunt and much more. The whole school appreciated all the hard work put in by these few students. Our president, Krystle Hong, put a extraordinary amount of effort into these events and so have all the other student council executives and room representatives. Here is the group:

President - Krystle Hong  
 Vice-President - Willy Pham  
 Treasurer - Sang-Sang Lee  
 Social Convener - Justin Bolivar  
 Secretary - Kim Lindroth  
 Publicity Director -  
 Shaheer Alibhai

# Leadership/Intramurals

by Janet Wu and Linda Truong

Leadership is FUN!!!! That is one of the things that Mrs. Gibbons doesn't want to see in the Leadership journals. In Leadership, they play a lot of games that has to deal with learning about yourself and other people around you. Also, you learn how you should treat all the people around you. In other words, how to be a better person. The Leadership students referee intramural games and help with activities happening both in and outside the school. By doing these services, leadership students get points. As a reward for doing all those services, leadership students got to go on field trips to have a little relaxation time.

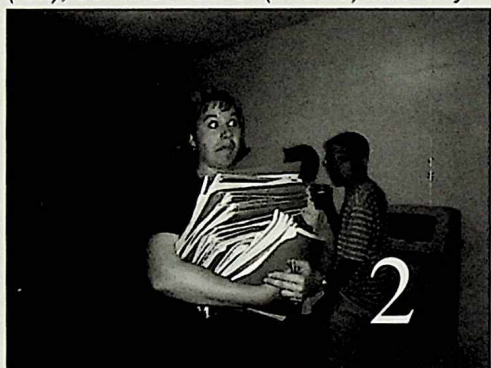

## Homeroom Intramurals Final

# Drama/Art

By Linda Truong

Drama has its wonders. We rely upon drama for entertainment and . . . well . . . what can I say . . . wow! We watch movies, shows, or maybe even operas, but we don't even think about how these fantastic actresses and actors come to be. Their talents evolve from these drama classes. Who knows? Someday, one of the students who were in your class may become a movie star. If not, the students have just taken a year of improvization and stage skills for the fun of it. I can't say anything for the amount of time and pressure associated with preforming because all have gone through it with presentations in other classes. But, drama brings it to a new level.

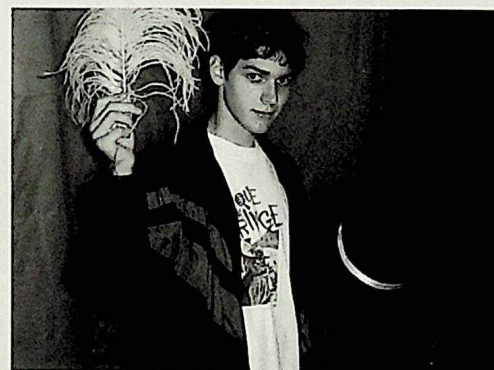

Art, however, has not been excluded in our lives either. Everywhere you go, you'll see art, whether it is from the design on the carpet or this maraculous painting on the wall. The passion can only be put into designs, not words. Students have shown this passion through their work of drawing, moulding, painting, and who knows what else. We need to appreciate their work because you just can't make a work of art from nothing, you get it from the heart and mind.

# Outdoor Education

by Janet Wu

Outdoor Education was a course that allows you to learn from experiences from outside of the classroom. In this course, some of the field trips were: cross country skiing, fire building, canoeing, orienteering, Cadomin Camp (grade 8), and Narrow Lake Camp (grade 9).

The grade eight Outdoor Ed. teacher was Mr. Thorpe. The students learned about global warming, recycling, pollution, wolves, shelters, etc. In May, they went on a trip to Cadomin. The students went on an eleven kilometre hike with Mr. Thorpe and Mr. Anderson. A few students climbed a seven thousand five hundred foot mountain. In addition, students visited a lime stone quarry in the area. The highlight of the trip was Mr. Anderson getting stuck in a narrow tunnel in the center of a mountain. The students had to depend on a campfire to cook meals and keep warm. Students also learned how to start fires with just the natural materials around them. Some students even managed to take in a little bit of fishing. The Outdoor Ed. students learned some new cooking ideas from camp such as cooking bannock on a stick. Students were also able to see many animals such as moose, elk, sheep, goats, Harlequin ducks, and blue grouse.

The grade nine Outdoor Ed. instructor was Mr. Gomez. They went to Narrow Lake camp in March. When they first arrived at Narrow Lake, they were expecting cool weather, but, that's not exactly what they got. On their first night, the temperature kept going down until it hit minus 28 degrees. This was far colder than they had expected and very few people were prepared for this ordeal. However, with the help of extra equipment brought by Mr. Gorak, Mr. Jimmo, Mr. Thorpe, and Mr. Gomez, all the students managed to survive without any problems. The temperatures remained low throughout the next day, and a decision was made to stay in a heated cabin the next night.

# Band/Concert/Jazz

by Yea-Li Sim and Linda Truong

We were privileged this year to have Mr. Braid as the band teacher. He conducted three types of bands. The grade 7 band received their instruments in September. When they first started to play, they were unskilled and sounded discorded. By the end of the year, under Mr. Braid's guidance, they improved their skills and impressed the school during a spring assembly. The Grade 8 and 9 Concert Band consists of all grade 8 and 9 band students. The Jazz Band, which is an extracurricular activity, consisted of non-band students as well. They practiced twice a week in the morning and specialized in improvisation. All three bands performed at many concerts throughout the year. Some concerts were the Grade 7 Show-Off concert, the Academic awards, Wake-a-Thon (fundraiser where students stay awake for 24 hours) and assemblies. The Concert band also went to Red Deer, Kiwanis, and Abbotsford, B.C. for a music festival. They practice often in preparation for concerts and to improve their musical skills, but they had lots of fun as well.

## CTS

Computers as you know are very important in our lives now. We rely upon this piece of technology, so the school teaches the subject. As for CTS, it stands for Career and Technology Studies. Some of the CTS courses offered at Londonderry are Computers (also called Information Processing), Communications, Foods Study, Fashion, Construction and Fabrication.

## Store

This year, the school store had 12 student workers selling food for the school. For example, there were cheeseburgers, fudgicles, chips, pop, candy and much more. The popular items were donaires, pizza pops, freezies, and slushes. The student workers were:

Kristy Cheng, Crystal DeWolfe, Lindsay Dodd, Krystle Hong, Kristen Kicia, Adam Lim, Nathan Pedersen, Erin Shewchuk, Susie Thang, Linda Truong, Melanie Wong and Janet Wu.

# Languages

by Linda Truong

## French

French . . . not many people like learning a second language, but there are many who like the culture. Madame Sim taught French at the school for many years and from her experience, many have benefited. I, personally, like learning French. Of course, I don't understand it completely like French person would, but you get the picture. We see a bit of French influence in our society, even if we don't know it. The food, the culture and many others, but we need to acknowledge this bit of French culture inside of us, whether it is to learn the language or to visit France or Quebec. The French classes learn more than how to speak. Madame Sim has brought the culture into class, from presentations of life to the food eaten. French is more than a language and you cannot argue about that!

## Mandarin

Mandarin includes two levels, the beginners and advanced. Beginner Mandarin consists of students who have never learned Mandarin in elementary school. The beginners learned much about the Chinese language, culture and way of life. The advanced students diligently study this language most of their lives, as they have been taking Mandarin since elementary school. You can never forget the brilliant and talented Mrs. Cheng. She taught Mandarin to the best of her ability. At the end of the year, all of the grade nine Mandarin students had a Mandarin Grad at Marco Polo Restaurant. There, they had lots of great food, awards, and performances. But, best of all, they had a night to spend time with their friends.

# AWARDS

by Diane Woo

The awards presentations were held in June. Students eagerly waited to receive recognition for their skills, attitude, and citizenship. Staff members had a difficult time choosing recipients for the various awards, especially since many students at Londonderry readily exhibit the above qualities. Students were presented with plaques, pins, and medallions (bronze for grade 7, silver for grade 8, and gold ones for grade 9 recipients) to recognize their achievements.

1. Mandarin award winners.

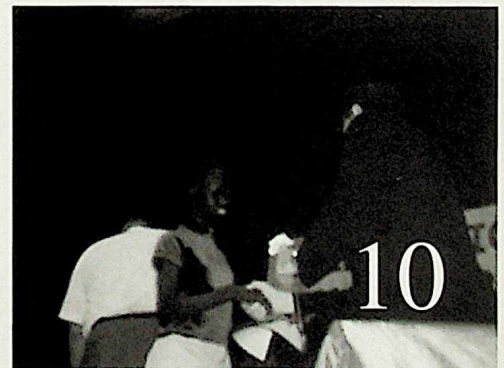

2. CTS Information Processing award winners.

3. Roland Kan (left) and Jennifer Pedersen (right) won the Athletics Award.

4. Perfect Attendance Number 1

5. Pefect Attendance Number 2

6. Newson Ly won a Perfect Attendance Award.

7. Tony Mah won a Perfect Attendance Award.

8. Perfect Attendance Number 3

9. The French Award winners.

10. Grace Tombe won a Perfect Attendance Award.

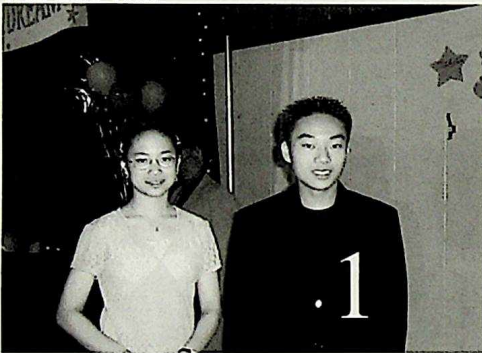

# Grade 9 Farewell

by Linda Truong

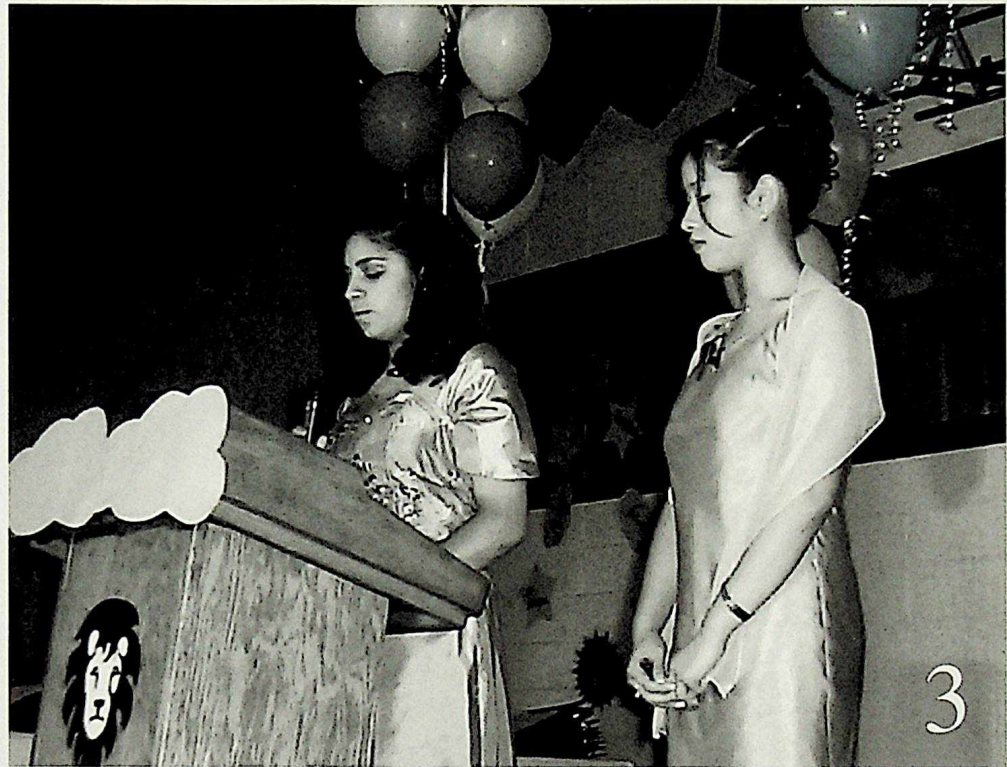

Grade 9 students have spent the last three years together, some have moved in, some have moved out, some were together since elementary and some will be together in high school. We never realize how hard it will be to leave, until we have to. Well . . . not that hard for everyone. All the students in the school know they'll be leaving some time, and they somewhat, cherish the time they have with their "favorite" school, Londonderry. Each year, a Grade Nine Farewell is held in recognition of those who have spent a part or all of their junior high schooling at Londonderry. There were speeches, handing out of awards, presentations, a slide show, a dance and much more. Grade Nine may have been a hard year for some, but it was also fun.

# Yearbook

by Linda Truong

Rush, rush, rush...that's all we do. Our team always has something to do: finish an article, get pictures, discuss the layout and much more. Four students went to a Friesen's Yearbook Conference at the beginning of the year to learn what a yearbook is. A yearbook is a record book, a picture book, and a memory book. I personally love doing this work and I know of a few others who also like doing this as well. We can't forget our teacher supervisors, Mr. Patterson and Ms. McLean for being very helpful and patient.

We had a couple prizes given out. Two designs were given to us and their ideas were combined into one to produce this fabulous cover. \$25 gift certificates were given to Janet Wu and Suzanne Ayotte. Anybody who bought a yearbook was entered in a draw for a mp3/CD player. Jeff Thomas won the draw.

After a year of scrambling, our team gives you this yearbook. This book was made possible with:

Teacher Supervisors:

Mr. Patterson, Ms. McLean

Senior Editor: Linda Truong

Junior Editors:

Janet Wu

Ashley Imperadeiro,

Diane Woo

Dedicated Members:

Evelyn Liaw

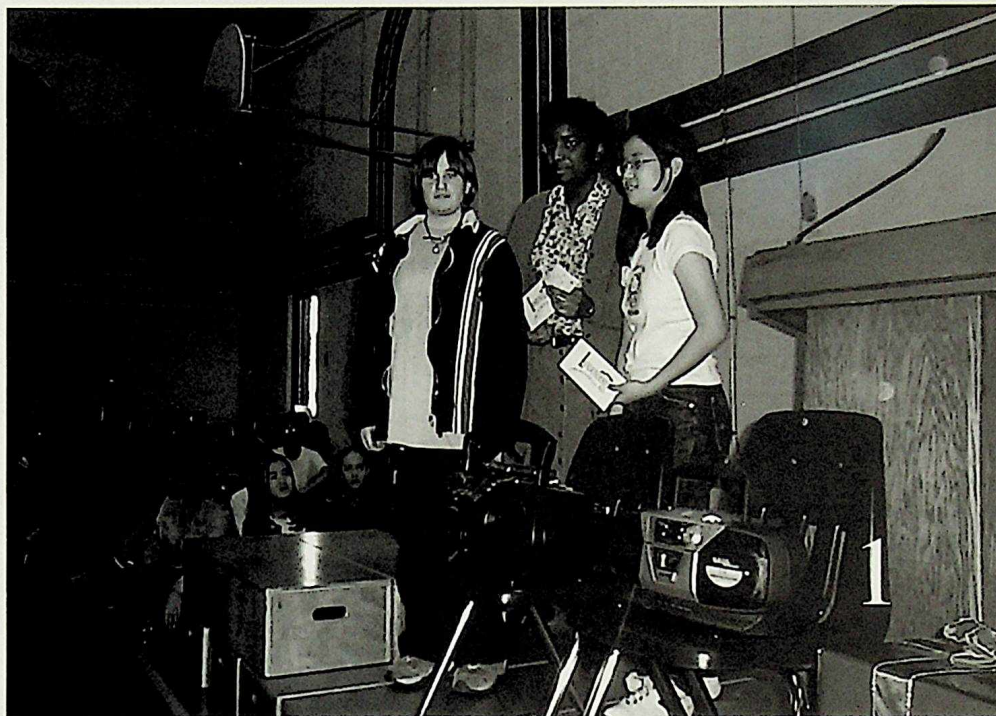

Yea-li Sim

Shabnam Qureshi

Phirdhoz Qureshi

Yosef Mohammed

Special thanks to Linda Truong for her endless hours of work and dedication. She saw this project right through from the beginning to the end.

# Memories

By Linda Truong

Memories are the most cherished things anyone can have. We can relate to happy or sad moments in our life and learn from mistakes made. Although we don't remember every single moment in our life, we try to keep memories through pictures or diaries. Pictures are displayed throughout the yearbook. Cherish these and you'll laugh at funny memories and remember all of the friends you had here at Londonderry.
